

THE KINDNESS CAVE

A treasure adventure about sharing.

Treasure maps make my tummy flutter!
NIB: My tummy flutters for snacks.

Give what?
We only brought
crumbs.

Open for
those who
give.

I can give a
dramatic
sneeze.

ECHO voice:
Not sneeze-magic.
Heart-magic.

NIB: Rude. Accurate. Rude.

**“The Shadow-Thieves grab and grab —
and somehow keep less.”**

One kind bite opens
ten bright paths.

I shared
spit!

That is not
the lesson.

ECHO:
Greed makes pockets
heavy and hearts tiny.

Sharing didn't empty the cave.
It made the glow grow louder.

Aim is optional.
Kindness isn't.

ECHO: This light works only for helpers.
This light works only for helpers.

NIB: Does it light for
snack-Helpers?

ECHO: If the snack
is shared.

NIB: Suddenly I'm
generous.

You think sleeping's boring?
That's simply not true!

“And sleeping is boring,”
you grumble and sigh,
While staring and staring into
the night’s sky.
When all of a sudden the wind
starts to whirl,
The air comes alive.
The dog’s tail starts to twirl.

You think sleeping’s boring? That’s simply not true!
Guess now’s the best time to share something with you.
This something’s a secret — a secret I keep.
A secret that fills up your nights while you sleep.

ZARA: Treasure that moves
stays warm.

Keepers of gold
grow tired.
Keepers of kindness
grow brave.
The best caves aren't
secret — they're open.

Digi World The Kindness Cave.

THE END.

Wisdom: Share what you can.
Leave the world brighter.
